

## MANSLAUGHTER CHARGES BEING FILED IN CRASH

Involuntary manslaughter charges were to be filed today against Orville Jacoby, Jr., 22, of Gettysburg R. 4, driver of a car in which three Adams county men lost their lives October 3, York County District Attorney Clarence M. Lawyer, Jr., said Thursday.

Lawyer said he intends to direct chief county detective John J. Karbon to file the information before the 12th Ward Alderman Stewart N. Rosier, York.

A coroner's inquest jury found Jacoby negligent at a February 2 hearing of the circumstances surrounding the fatal auto-truck collision at Clear Springs on the Gettysburg-Dillsburg road.

**Tried To Pass In Fog**  
Jacoby, his brother, Glenn, 35, and the three fatally injured men had been on their way to work at Mechanicsburg Air depot when the crash occurred. Those killed were Zeal R. Peters, 54, of Aspers R. 1; Robert Naugle, 27, and Alec Kemper, 40, both of Gettysburg R. 4, Hildersburg.

According to testimony at the inquest, the car driven by Jacoby, preceded in the right lane by several other cars, turned into the opposite lane to pass and ran head-on into a light pickup truck driven by Richard Williams, 18, of Chatham Center, N. Y.

There was a solid fog for several miles on the road, witnesses said. Speed of Jacoby's car was estimated at less than 50 miles an hour.

## King Of England Is Buried In Royal Crypt Beside His Brother In Windsor's St. George Chapel

(By The Associated Press)  
Windsor, Eng., Feb. 15.—Britain said farewell to George VI today in a great outpouring of sorrowful grandeur, and buried him here at Windsor with a hymn of triumphant faith.

Elizabeth II, a queen at 25, led the nation's final homage to her father. For 2 1/2 hours she rode in a horse-drawn carriage behind the coffin to the dirge of 10 bands, while more than a million Britons, packed tightly along the chill streets of London, bowed in reverence.

Then she entrained for Windsor with the body and saw it laid to rest in a crypt of royalty already holding George III and nine other sovereigns.

**Sing Hymn Of Praise**  
The king's mother, Mary, remained in London with the weight of her 84 years, and waved her farewell from a window of Marlborough House. But the widowed Queen Mother Elizabeth was here with the Princess Margaret to hear the choir sing the hymn she and the new queen had chosen—A Hymn of Victory, often sung at Easter.

"The strife is o'er, the battle done; 'Now is the victor's triumph won x x'" The Archbishop of Canterbury voiced the communal the Church of England assigns to king and commoner alike.

"Earth to earth, ashes to ashes, dust to dust, in sure and certain hope of the resurrection to eternal life x x"

**Buried Near Brother**  
A slab of stone had been laid aside in the floor, and the oak coffin was lowered slowly to the side of the body of the king's brother, the first Duke of Kent, killed in a wartime air crash.

Representatives of nations around the globe joined royalty, nobles and lords in the funeral at St. George's chapel of Windsor palace. There was the Duke of Windsor, who was a king himself when he laid George V to rest here 16 years ago. There were Winston Churchill, the servant of four sovereigns; there were seven sovereigns from other countries, Secretary of State Acheson representing President Truman; and the ambassador of the Soviet Union, there also, was Gen. Dwight D. Eisenhower, who led Britons as well as Americans against the Nazis while George VI stood unflinchingly beside his people in this island Hitler coveted. And by the turn of time, the dignitaries invited to the funeral included the Chancellor of a new Germany.

**Two Minutes Of Silence**  
Britain and all the commonwealth fell silent for two minutes at 2 p.m., the hour of the funeral. Then thousands turned to their radios to hear the service. Earlier, the street processions had been seen on television.

In London, more than a million people from all walks of life, had watched in reverent silence at 150

white-gaited British sailors drew the king's coffin mounted on a gun carriage from Westminster Hall to Paddington station.

As Queen Mary waved her farewell from Marlborough House, the Duke of Windsor turned in the line of march and saluted his mother. Salutes came also from another son, the Duke of Gloucester, from the Duke of Edinburgh, and the Duke of Kent, the 16-year old nephew of George VI.

**305,836 Pass Bier**  
Elizabeth II and the Queen Mother bowed toward the window where Queen Mary watched and checked each contingent in the line of march from the funeral program.

The king's body had rested in state in Westminster Hall for three days. An eight-year-old boy was the last of 305,836 persons to pass by the bier.

The king died February 6 of a coronary thrombosis. Elizabeth II, in East Africa on a royal tour, hurried home to receive the homage of her subjects as Britain's first queen since Queen Victoria's death 51 years ago.

The body was carried out of Westminster Hall at 9:30 a.m. It left London for Windsor at 12:35 p.m.

## Reds To Present New Plan For Korean Peace Conference; U.N. Pounds Enemy On Eastern Front

Seoul, Korea, Feb. 15 (AP)—Allied big guns poured a withering barrage of shells into Communist positions in eastern Korea today.

High explosive and fragmentation shells rained down on some Red strongpoints for more than an hour. A murderous 15-minute barrage battered Red positions above the Mundung Valley, springboard for one of the heaviest Communist attacks in weeks Thursday night.

Allied aircraft were out Friday afternoon after being grounded by storms in the morning. One Red MIG was damaged in a four-minute battle between 19 U. S. Sabre jets and 30 Communist jets over north-west Korea, the Fifth Air Force said.

**Fly 289 Sorties**  
The damage was credited to Capt. Vincent J. Margalo of Albany, N. Y. Fifth Air Force planes flew 289 sorties during the day in the campaign to cut Red supply lines.

Fog and low hanging clouds shrouded the results of the artillery bombardment.

The U. S. Eighth Army said two companies of Reds spearheaded Thursday night's attack. They stormed down the Mundung Valley, with another 1,000 right behind.

An Allied officer said the Red attack was designed to drive a wedge through the main U. N. lines. Allied fighting men stopped it cold in a 49-minute battle, much of it at close quarters.

Frontline officers would make no official estimate of Red casualties. Allied troops were exuberant. They said Red losses must have been "very heavy."

**Looked Like Celebration**  
AP Correspondent Stan Carter, who watched the fight from a hillside bunker, said the Reds lost at least 100 men.

The battle was fought over the same ground where the Reds lost 226 men from a 420-man attacking force three days ago.

Carter said doughboys could see the Reds approaching even in the moonless night. When the vanguard of Communists snipped barbed wire guarding U. N. positions, GIs opened up with hand grenades and rifle fire.

Carter said it looked like a gigantic fourth of July celebration.

The Chinese threw 600 men straight down the valley floor. Other Reds flanked out to the east and west.

Less than an hour later the Communists called it quits. They threw in smoke shells, and retreated to the north.

Munsan, Korea, Feb. 15 (AP)—Truce negotiators will hold an important full-dress session tomorrow to hear a new Communist proposal for a Korean peace conference.

Vice Adm. C. Turner Joy, chief U. N. negotiator, returned today from Tokyo where he has conferred for two days with Gen. Matthew B. Ridgway and two high ranking officials from Washington.

Staff officers working on prisoner exchange plans reported some slight progress Friday. The session on truce supervision marked time. Col. Don O. Barrow said it looked as though the Reds were stalling until after Saturday's plenary session.

**No Hint Of New Plan**  
There has been no hint as to what the Communists will suggest in their new plan for a post-armistice peace conference.

Previously the U. N. agreed to talk about the withdrawal of foreign troops from Korea and a final peace settlement, but rejected a Red proposal to discuss other Asian problems related to Korea.

Joy conferred in Tokyo with Gen. John E. Hull, army vice chief of staff, and U. Alexis Johnson, deputy assistant secretary of state for the Far East, as well as with General Ridgway. Hull denied bringing instructions from Washington, but there was speculation that the two officials might be taking a hand in the stalled truce talks.

**Dispute Over Wording**  
Col. George W. Hickman said staff officers discussed the new nine-point Communist plan for exchanging prisoners. He said that except for the basic disagreement over voluntary repatriation only disputes over wording separate the two sides now.

The Reds are holding out for the forced repatriation of all prisoners while the U. N. insists on giving each man a choice.

Hickman said U. N. and Red staff officers agreed to study remaining differences overnight and "see if we can't come closer."

Darrow said both sides at the truce supervision session reshaped arguments over troop rotation and the number of ports of entry to be inspected by neutral teams.

The staff officers aren't even discussing the key issue in the truce supervision deadlock—whether the Communists have the right to build and repair military airfields in North Korea during an armistice.

The plenary session will convene at 10 a.m. Saturday (8 p.m. EST Friday) in Panmunjom. Both groups of staff officers will meet after the full-dress session adjourns.

## BRIDE-TO-BE DISAPPEARS ON EVE OF WEDDING

Pittsburgh, Feb. 15 (AP)—A worried mother near the breaking point snatched a few hours of sleep today while police searched for her pretty, 23-year-old daughter who vanished while making plans for a Valentine Day wedding.

Although she was feeling "very, very nervous," Mrs. William N. Welland refused to give up hope that Lois Welland will be found unharm.

Lois, a striking 5-foot-9 brunette, was to have been married last night to Edward H. Weigner, a 6-foot-5 Chicago insurance engineer. The couple met last year at a convention of Tall Persons' clubs in St. Louis, was engaged in November and appeared headed toward a happy wedding.

**Leaves Notes, Rings**  
Tuesday, while returning home from a shopping trip, Lois got out of the family auto, ostensibly to pick up a package. She ran around a street corner and disappeared.

When Mrs. Welland returned home she found Lois had pinned two notes to her bedroom pillow, along with Weigner's engagement ring. The notes said Lois simply couldn't go through with the wedding.

Police, joined by friends and relatives of the family, haven't been able to find a trace of Lois. Her sister, Mrs. June Smith, 35, joined the search Wednesday and wasn't heard from until last night.

Mrs. Welland said Mrs. Smith called her from the nearby town of Apollo and said she had "a new lead" and was going to continue looking for Lois. Mrs. Welland added:

"June told me she was determined to find her sister. She told me, 'Now, Mom, I'll find her. Don't you worry. I'll keep hunting until I run out of money. Maybe I'll come back tomorrow if I can't find Lois.'"

Meanwhile, Weigner was unavailable for comment although he was registered at a Pittsburgh hotel where he has been staying since last Friday. Yesterday he visited the Welland home and looked over wedding gifts.

## Bullets Defeat Mounts; Lehigh Here Saturday

Leading by a comfortable margin the whole way, the Gettysburg college basketball team notched its ninth victory of the campaign on Thursday evening by outclassing Mt. St. Mary's 86-64 on the local court.

The Bullets will seek their 10th victory here Saturday when Lehigh will be met, the game starting at 8 o'clock.

Gene Coder, Bullet center, enjoyed one of his best games in leading the Bream-men to victory over the Mountaineers, ripping the cords for 29 points. Mt. St. Mary's zone defense was particularly vulnerable from the pockets and from that spot Coder accounted for most of his points.

Gettysburg rushed out into an 8-0 margin on a trio of goals by Coder and a set shot by Lang. McKenney looped a long toss for the Mounts' initial points. The Bullets built up an 18-11 advantage in the first frame.

The Mountaineers started to rally early in the second period after Gettysburg had built up a 26-17 lead. Goals by Warner, Kachowski and Gulbin cut the lead to 29-26. Watson and Warner exchanged goals. A foul by Watson and goal by Coder sent the Bullets' lead soaring as the half ended 37-30.

Johnny Habeeb's long shots featured the Bullet attack early in the third quarter as Gettysburg built up a fool-proof lead despite the spirited efforts of the invaders. Going into the final round Gettysburg led 59-47.

The closest Bill Clarke's team could get was 60-51 in the opening moments of the last period via goals by Sherman and McKenney and from then on the Bullets went going-away.

Mt. St. Mary's will be host to Baltimore university on Saturday at Emmitsburg.

## BISON MATMEN MEET BULLETS HERE SATURDAY

### Gettysburg college's undefeated wrestling team will seek its fourth straight victory here Saturday afternoon at 2:30 o'clock when Bucknell will be met.

Jack Shainline's Bullets have scored one-sided victories over Haverford, Muhlenberg and Johns Hopkins but expect much stiffer opposition from the Bisons.

Saturday's engagement will be the final home match for the locals.

Entrants for Gettysburg will probably include Don Woods, 123; Sam Evangelista, 130; Jim Howard, 137; Earl Yost, 147; John Cagliano or Al Bernstein, 157; Al Hershberger, 167, and Ronnie Miller, heavyweight.

Coach Shainline anticipates a rugged engagement for his team. The Bisons defeated Haverford 25-5 while the Bullets upset the same team 26-3. Bucknell has also lost a very close decision to Temple.

## Today's Talk

By GEORGE MATTHEW ADAMS

A GOOD COMPANION

I once read that Carlyle and Ten-  
nyson often visited each other and  
would sit an entire evening without  
much talk—just enjoying each oth-  
er's companionship. If we have a  
friend who we know has the capacity  
for love and understanding, we don't  
need much talk to cement that re-  
lationship.Once we learn the companions of  
a person, we know him or her. We  
play games, go on vacations, visit  
friends, just for the companionship  
that warms us within. A good com-  
panion is an investment in happi-  
ness. In my youth, in one of the  
small towns in which I then lived,  
I knew a man whose character I  
greatly admired. We would go for  
long walks and hardly a word would  
pass between us, but when we parted  
we would feel that both of us had  
experienced a worthwhile time.When married folks realize that  
marriage's greatest value lies in  
companionship, there will be fewer  
divorces. The trouble often is that  
there is too little companionship  
between the two. And it's the little  
things that contribute most to this.  
Unexpected kindnesses, a cheery at-  
titude of mind, and a thoughtfulness  
and consideration that are  
ever kept alive, could be the pro-  
gram.We are happy with the person  
whom we understand. We can easily  
overlook many a weakness or a fault  
in that one so long as we know there  
are other qualities that stand high  
and far outweigh all else. The good  
companion always overlooks and un-  
derstands.A friend or two can well be the  
key to both our success and happi-  
ness in life. There can be no pos-  
sibility so much to be desired. I have  
a naturalist friend who always  
chooses two or three of his friends  
to accompany him on his adven-  
tures. None of us can be happy  
traveling alone. I came across this  
line in a book a friend gave to me:  
"The happiness of life's journey  
depends, not on the winding path,  
but on the friends who travel with  
you."Tomorrow Mr. Adams will talk  
on the subject: "On Doing With-  
out."

## Just Folks

MISSION

"Though I was told that God can  
see  
The tiniest sparrow fall,  
I doubt that He has need for me  
Or thinks of me at all."I'm just a woman, growing old,  
Alone for many a year,  
And God to me has never told  
Just why He sent me here."But when she stepped across the  
way  
To comfort one in pain  
She never dreamed that very day  
God's need for her was plain.She thought His purpose deeply  
hid.  
Only the good Lord knew  
That all the gentle deeds she did  
For Him she came to do.

that distinguishes it from all other  
cars. The vent supplies cool, dense  
air to the carburetor and materially  
increases the power output of the  
engine.The Fire Dome V-8 produces  
more horsepower per cubic inch  
than any competitive American  
automobile engine. It does this on  
straight gasoline.Then engine performs smoothly  
and quietly, even at the highest  
speeds; its design is such that en-  
gine wear has been greatly re-  
duced; the compression ratio of 7.1  
to 1 provides engine efficiencies far  
beyond competitive engines; and it  
requires a minimum of mainte-  
nance.Called Safe Car  
The instantly responsive power  
under the hood of the Fire Dome  
Eight makes it an exceptionally  
safe car because of its maneu-  
verability in those traffic and highway  
situations where instant accelera-  
tion is needed.A conventional three-speed trans-  
mission is standard equipment on  
the new car. Available as special  
equipment are the tip-toe shift with  
fluid drive and a sensational new  
fluid torque drive with tip-toe shift  
which provides even greater ac-  
celeration, particularly from a  
standing start.With new power brakes as spe-  
cial equipment pedal effort has been  
reduced one-half.Power steering enables a DeSoto  
Fire Dome Eight owner to turn the  
wheels with the pressure of one  
finger, even when the car is at a  
standstill. An added benefit is that  
power steering greatly assists the  
driver in resisting wheel deflection  
when driving over rutted or rough  
roads.U. S. EXPLORERS  
REACH SAFETYWashington, Feb. 15 (AP)—Wendell  
Phillips and his 12 member party of  
desert ruin explorers have arrived at  
Aden after being expelled from  
Yemen, the State Department was  
notified yesterday.Phillips and his group, including  
10 Americans, had been digging for  
weeks in ruins at Marib, legendary  
site of the capital of the biblical  
Queen of Sheba. It was their second  
year of operations.United States Consul L. Pittman  
Springs reported from Aden, British  
protectorate on the Indian ocean,  
that the archaeologists reached Bel-  
han and were brought to Aden yester-  
day in a plane sent by the British  
governor.Phillips in messages to the White  
House and expedition backers had  
appealed for protection and said his  
party was menaced by violence re-  
sulting from conflict between the  
Yemen king and forces of his  
brother Hassan. The State Depart-  
ment officials said they had no in-  
formation beyond notification that  
the party had been expelled and  
was safe at Aden. Phillips is head

On Truman FutureWashington, Feb. 15 (AP)—A  
sampling of Senate opinion indi-  
cated today Democrats are sharply  
divided on whether President Tru-  
man should run again.Truman's statement at a news  
conference yesterday that he faces a  
"difficult decision" on this question  
emphasized the uncertainty within  
his party about his future plans. He  
is generally credited with being able  
to get the nomination if he wants  
it.Of nine Democratic senators in-  
terviewed by this reporter, two said  
the President ought to run again,  
one called him "the most logical  
candidate," two said he shouldn't  
seek the nomination, two predicted  
he won't run, one said he preferred  
Senator Russell (D-Ga.) and one  
wouldn't comment.Among Republicans, Senator Mar-  
tin of Pennsylvania said he hopes  
Truman runs so as to draw the  
issues sharply in the campaign but  
said it doesn't make much differ-  
ence—that the Republicans are go-  
ing to win anyway."CHEST DRIVE"  
WORKS WELL IN  
SCHOOL SYSTEMA "community chest drive" con-  
ducted by the Conewago joint school  
system as an experiment this year  
"produced gratifying results," Elmer  
M. Gruver, supervising principal of  
the joint school system, reported to-  
day.Principal Gruver and other teach-  
ers decided to hold one drive in the  
school for funds this year instead  
of the usual three drives for local  
polio, heart and cancer funds.As a result of the combined drive,  
\$401.76 was donated by the pupils  
at East Berlin and elsewhere in the  
jointure to the Infantile Paralysis  
foundation, American Heart fund  
and the American Cancer society.  
Last year in three drives the young-  
sters gave \$222.78 and the previous  
year gave \$168.92 toward the three  
drives.

QUAD AMPUTEE  
AWAITS RELEASEWashington, Feb. 5 (AP)—Bob Smith  
may be going home soon.Outfitted with artificial legs and  
hands, the Korean war's first quad-  
ruple amputee may leave Walter  
Reed hospital around April 1.Hospital authorities said the April  
1 date is not definite "but Bob's  
doctor thinks he might leave around  
that time."Bob, 21-year-old native of Middle-  
burg, Pa., received his legs last au-  
tumn and his mechanical hands—  
replacing the temporary hooks—  
early this year.He had to make two stunts on the  
artificial legs. A minor operation in-  
terrupted his walking lessons. But  
now, hospital authorities reported,  
he is doing very well.He is free to go home week-ends,  
but he hasn't been to Middleburg for  
about a month. The goal he has his  
heart set on is the date of his final  
discharge. At that time, with the  
backing of a trust fund of more  
than \$100,000 that was raised for him  
by a grateful nation, he will begin  
his new life.An army private, Bob was wounded  
in Korea November 27, 1950. Frost-  
bite and lack of care during a short  
period of capture by the Commu-  
nists necessitated the amputation  
of his legs and hands. He arrived at  
Walter Reed hospital December 27,  
1950.Murphy Firm Earns

### OUR HOMES FOR CHRIST

Luke 10:33-42; John 11:1-5, 21-27  
Memory Selection: He said to him, Yes, Lord; I believe that You are the Christ, the Son of God, He Who is coming into this world." John 11:27

About two miles from Jerusalem was the village of Bethany, best known in Bible history as the place Jesus visited when He came to the Holy City. The home of Mary,

Martha and Lazarus was there in which Jesus was always welcome. It must have been a great comfort to the Master to have this friendly home as a place of rest and refreshment. He was there one week before His death. A month earlier He had restored Lazarus to life. The ascension of the Lord was from the hills near Bethany when an angel voice proclaimed, "This same Jesus shall come again." We have in this

picture of the Bethany home, although we have but a few glimpses into it, what a home and family life can be.

The family is central in its importance of our way of life, or in the life of any people. In America the home is facing influences which threaten its character as we have known it. Among these factors are hasty marriages; easy divorces of which there are too many; children left in shattered homes and consequently without proper guidance and true affection; economic strains and mothers as wage earners; meager attention to the things that make the family and the home what God intends them to be. Much of the delinquency among the young

can be laid at the door step of the home.

Can Be Wholesome, Happy  
Christ in the home, not merely as a Guest but as a silent Member, gives an atmosphere in which the virtues of character can grow and blossom. Motions on the wall will help, but the real aid comes when all the relationships of family are governed by the spirit of Christ. Family life so controlled is wholesome and happy. Children growing up in such an atmosphere unconsciously are prepared for any condition, good or bad, in later life.

The visit of Jesus in the Bethany home a week before His crucifixion is a study in relative values. Here are two sisters, both devoted to the friend and Lord. The one, Martha

was greatly concerned with household duties. She wanted her Guest well cared for. It irked her that sister Mary should not assist her, but sit at the feet of their Guest and learn from Him. It may be assumed that Mary helped in the preparations but her chief interest was to hear what Jesus had to say. Martha's complaint was met with a rebuke: "Martha, you are anxious and troubled about many things—Mary has chosen the good portion." Good housekeeping is commendable but not when it becomes one's chief concern. While Martha was fussing with the meal Mary was hearing from the lips of Jesus the words of life.

Both dispositions are required. (Continued on Page 6)

**The Voice of God**

Did you ever pause to listen to the voice of God? We hear it every day, wherever we may be.

In the whispering of tall trees . . . the music of rushing brooks . . . the songs of the birds . . . the gay laughter of happy children . . . we hear the voice of the Great Creator. Through his infinite grace a bird is enabled to serenade his mate, a tiny cricket chirps its faint refrain. God is the Bringer of all blessings to man and beast alike.

Let us give thanks to Him who has so enriched our lives. Open church doors beckon all over our land. Let us seek the House of the Lord, and enter in to pay Him homage. Here through prayer and humility, let us re-dedicate ourselves to His service and glorification.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ROUGH GOING IS SEEN AHEAD ON CLEANUP PLANS

Washington, Feb. 15 (AP)—President Truman's request for far-reaching investigative powers for Newbold Morris, his government cleanup prosecutor, today faced prospects of rough going on Capitol Hill.

Key lawmakers were quick to term it "unprecedented" and "a complete departure from established practice."

So far as could be determined, Congress was being asked for the first time to cloak an individual in the executive branch with virtually unlimited subpoena powers, and the tremendous added authority to grant witnesses immunity from prosecution.

Snags Are Certain  
The sweeping proposal, certain to run into congressional snags, states effect:

Where it is "necessary to the public interest," witnesses may not be excused from testifying or producing records on grounds of self-incrimination and subject to possible criminal prosecution. But when compelled to testify, after claiming constitutional privileges against self-incrimination, the witness shall not be prosecuted.

This is a power never exercised by any committee of Congress, as far as could be determined. The only power to enforce testimony used by congressional committees is the power to cite a witness for contempt and this is subject to approval by the whole House or Senate.

Similarly, the power to subpoena witnesses and documents outside as well as inside the government was considered somewhat unusual in the present case.

Would Outdo Dome Hearings  
It was said, after a quick check, that not even in the Teapot Dome hearings of the 1920's did Senate staff investigators have the power to subpoena outside the government.

Mr. Truman told his news conference that he did not know if the executive branch of government had ever sought such powers before, but said he had Attorney General McGrath's full backing.

Heretofore, Congress has granted the power to subpoena witnesses and documents only to its own committees, and to certain executive agencies such as the Federal Trade Commission, the Immigration Service and Federal Power Commission.

Rep. Keating (R-N. Y.), who sponsored a separate House investigation of the Justice department, challenged the President on both counts.

Emmitsburg

Emmitsburg—Mrs. Reginald Zepp, director of music for Elias Evangelical Lutheran church, has recently organized a third choir. The new choir is a Youth choir made up of the older members from the Junior choir and a number of added members. Assisting Mrs. Zepp with these choirs are: Carrie Hahn, as assistant director of the Junior choir and Helen Bushman, accompanist for the Juniors, and Doris Hedge as accompanist for the Youth choir. Each of these two choirs has an enrollment of 18 members with almost 100 per cent attendance at all rehearsals which are being held every Tuesday evening at 7 o'clock. The Youth choir will sing for some of the vespers services during the Lenten season.

The LOYAL group of Elias Evangelical Lutheran church sponsored a Valentine party with an old time square dance in the Parish house Tuesday night. Approximately 60 members and guests from Fairfield, Ottantia, Flora Dale and Littlestown attended. A devotional program conducted by Weldon B. Shank preceded the party. A short talk was made by Robert Daugherty, president of the group. Refreshments were served by a committee with Mrs. Clarence Hahn acting chairman.

Eric Eugene Glass celebrated his 12th birthday at the home of his parents Monday evening with a surprise party. The guests included Mr. and Mrs. Claude DeBerry and daughters, Frances and Louise; Bobby Kellholtz, Mrs. Harry T. McNair, Beulah Glass and Mr. and Mrs. David Glass.

T/Sgt. and Mrs. G. R. Glass, Mitchell air force base, Washington, D. C., spent the week-end with their parents, A. Starnier and Mr. and Mrs. Paul Glass.

Mr. and Mrs. John Fuss visited at the home of Mr. and Mrs. P. Glass on Sunday. Other visitors were Mrs. Harry T. McNair, Mr. and Mrs. David Glass. Mrs. Glass is improving at her home since her recent illness.

Mt. Hope

Mt. Hope—Mr. and Mrs. Clifton Henry, Baltimore, spent Sunday visiting at this place.

Mr. and Mrs. Carl Yoder and son, Larry, and daughter, Judy, Essex, Md., spent the week-end with Mr. and Mrs. Allen Currens. Mr. and Mrs. Edwin Currens and daughter, Thomasville, were also guests at the Currens home.

The Rev. Amos Funk, Chambersburg, visited at the home of Mr. and Mrs. Harry Lightner Tuesday.

Charles Stingley, Mt. Hope road, is reported seriously ill.

Harrisburg, Feb. 15 (AP)—Commissioner John J. Snyder says he will ask Dauphin county court within a few days to decide the question of why the milk control commission has not been granted a pay increase allotted public utility commissioners. Snyder, a milk commission member since 1937, said he will ask the court to require the commonwealth to pay salary boosts already approved by the General Assembly. The question revolves around a provision in the state constitution prohibiting a change in an official's salary during his term of office.

Harrisburg, Feb. 15 (AP)—The half-way mark has been reached by the General State Authority in spending its original 175 million dollars on Commonwealth construction.

The state now is leasing 134 projects from the Borrow-and-Build agency set up by the 1949 General Assembly. The 175 million GSA borrowed is being paid back by rentals charged the Commonwealth for use of the projects.

3 EXPELLED FOR CRIBBING

Meadvale, Pa., Feb. 15 (AP)—Allegheny college expelled three students, suspended another and took disciplinary action with 23 more after finding evidence of cribbing in first semester examinations.

The college withheld names of all students involved.

The student-faculty court discovered the cribbing. It is composed of two representatives of the college administration, three faculty members and five students.

The court said the three expelled students stole the answer key to the test and the rest of the students involved made use of it during the examination.

Louis T. Benezet, president of the co-educational school of 1,000 students, said:

"The mass of the student body in my belief is opposed to cheating. I believe that this unhappy and unfortunate incident is going to hasten the time when we can have on our campus a strict honor code and an honor system."

Family Of Four Perishes In Flames

Somerville, Mass., Feb. 15 (AP)—A family of four — the parents and two children they apparently tried to save — perished last night in a fire that damaged four tenement buildings.

The body of Anthony Carcarro, 52, was found with that of his daughter, Jeanette, 2½, clutched in his arms.

Mrs. Eva Carcarro, 35, was found dead near the body of a son, Richard, 5.

Firemen said Carcarro tried to flee with his daughter through a passageway connecting his own apartment with an adjoining building.

The bodies of Mrs. Carcarro and the son were found in their own apartment.

Richard McDewitt, 47, a fireman, suffered burns on 50 per cent of his body.

Some 30 persons, many of them children in nightclothes, were made homeless by the general alarm fire in sub-freezing temperature.

None had time to save any belongings.

Sunday School Lesson

(Continued from Page 5)

Jesus welcomed and needed both sisters. But it is necessary to know which attitude is the more important. It is easy to give more attention to the things of the body than of the spirit. Many a home is rich in all its material furnishings, but poor in spiritual atmosphere. A simple meal for the Master would have allowed Martha also to spend more time with Him. This matter of relative values runs through all the areas of life. An imposing mansion on a spacious plot housed a man and his wife. One lived in one part of it, the other in another part. They did not speak. "Better is little with the fear of the Lord, than great treasure and trouble therewith. Better is a dinner of herbs where love is - - -"

Jesus met Mary and Martha on another occasion. Their brother

Lazarus had died and they sent for their friend. Their conversation showed how deeply "Jesus loved Martha and her sister and Lazarus." Their talk was about life and the resurrection, and Jesus saw how firm their faith was in the eternal life. He raised Lazarus to life and restored him to his sisters. Homes like the one at Bethany are of great service to Christ in making real the Kingdom of God among men. A home can be so well conducted that daily duties are performed efficiently. Its leisure time can bring cheer and develop comradeship. It is the best training school in ethics and morality. Above all, the spirit of the living Christ should prevail in every home.

Harrisburg, Feb. 15 (AP)—Promotion lists of the state Civil Service Commission have been revised to eliminate 10 credit points which had been enjoyed by veterans. The state supreme court last year ruled as unconstitutional a 1945 law which had given the 10 point credit to ex-servicemen.

Nearly 7,000 persons whose names appear on the agency's rosters have been informed of their new rank. Non-veterans, for the most part, climbed up the list while veterans were lowered.

Standard time for the world, as in the case of longitude, is reckoned from Greenwich, England, which is recognized as the prime meridian.

PTA OBSERVES  
5TH BIRTHDAY

The Parent-Teacher association of St. Joseph's high school celebrated its fifth anniversary at a covered dish social in the auditorium of the school following the business meeting.

Dr. John J. Dillon of the faculty of Mount St. Mary's college was the speaker. He discussed the book, "God and Man at Yale." Floyd C. Miller, president of the association, was toastmaster. A large decorated birthday cake and red candles formed the centerpiece at the speakers table. The closing prayer was given by Burgess Thornton W. Rodgers.

The business meeting was held in the junior home room with President Miller presiding and 38 parents and six teachers present. The purchasing of drapes for the windows of the auditorium was discussed, but final decision was postponed until the March meeting.

**Card Party Committee**  
The following committee was appointed for the card party to be held on April 17 in the school auditorium: Mrs. Bernard H. Boyle, Mrs. Clarence Wachter, Mrs. Marie Rosesteele, Mrs. John Law and Mrs. Guy Baker.

Miss Margaret Reuter, who spent several days during the week with her mother and sister, Mrs. Kate M. Reuter and Miss Agnes Reuter, returned to Emmitsburg on Thursday.

Mrs. Edgar Rhodes and Miss Edythe Nunemaker spent Thursday in Baltimore.

Mrs. George Pecher left on Thursday morning to join her husband, who is stationed with the U.S. Army in Mississippi.

George "Dick" Ashbaugh, who was inducted into the army last week, has been transferred from Fort Meade to a camp in California for his basic training.

Mr. and Mrs. Eugene Rosensteel have returned home from their honeymoon.

**Firemen Called**  
The fire company was called to the home of Mrs. Guy Topper, West Main street, on Thursday morning to extinguish a fire which started while painters were burning old paint from the outside of the house. Damage was slight.

Mr. and Mrs. Frank Topper have received word from their son, Frank, Jr., U.S. Army, that he has arrived in Pusan and expects to be sent to Seoul.

Ed Long, of near Emmitsburg, was removed to Johns Hopkins hospital, Baltimore, on Thursday.

Truman Asks For  
Extra \$715,238,165

Washington, Feb. 15 (AP) — President Truman has asked Congress for \$715,238,165 more to finance current operations.

The largest slice of the supplemental appropriations requested by the President yesterday is \$265,709,000 for the veterans administration.

It was explained that 160,000 more trainees registered under the "GI bill" benefit program than were anticipated. Also needed financing are insurance for Korean casualties, automobiles voted for disabled veterans by the last Congress, and veterans compensation and pension payments.

Other sums are needed for the Post Office department \$189,338,000 to cover increased cost of railroad mail transportation under an ICC order last November; Treasury \$26,640,000 to cover salary increases and enforcement of the new gambling law; commerce \$77,416,170 for federal aid to highways; housing and home finance agency \$48,875,000 mostly for defense housing.

## Baltimore Livestock

**CATTLE**—Killing quality as a whole was not quite as good today as it was Monday and receipts were normally smaller. Run of fresh cattle was estimated at 750 head which was in addition to the 300 held from earlier sessions. Movement for the week to date totaled 2,400 compared with 2,150 a week ago and 2,500 for the same term in 1951. Included in the total saleable supply was equivalent of 11 loads of slaughter steers and 11 loads of place-ment cattle. Balance of run consisted mainly of cows with about a normal percentage of heifers and bulls included. Trading was very slow in all departments.

Although dealings were slow in slaughter section, very little change was noted in selling level compared with last Monday. Individual prime 1,200-pound steer topped the day's trade at \$26. Small lot of choice and prime steers of good and choice offerings, \$32—\$34.50.

Offerings in heifer division again consisted mainly of odd head and small truck lot consignments. Sales about on par with last Monday. Good grade shipments, \$20—\$22. Utility and commercial kinds, \$20—\$26 in most cases, but odd head to \$27.50.

Trading continued uneven in cow department but sales were little changed compared with last Monday. The trade in milch cows was somewhat higher than the opening session but any advance gained on the scattered lots sold then lost in today's trade. Individual good young cow on the heifer order topped the trade at \$26.50. Commercial cows largely \$24.50—\$26. Bulk of utility cows, \$21.50—\$24 and canners and cutters, \$17.25—\$21.50, although shelly canners to \$15 or under.

Bulls continued to fall under pressure steadily to 50c. lower. Commercial sausage offerings, \$27—\$30, with bulk sales around \$28 and below. Utility sausage bulk, \$25—\$26, and odd cutters, \$24. Steady prices compared with Monday were the rule in the replacement cattle section. Run largely broken into small lots that consisted mainly of good grade offerings selling 30.8—1,000 pounds, \$28—\$34. A few good and choice 307—445 pounds, \$34.50—\$35.50.

**CALVES**—Receipts estimated at 275 head brought the week to date number to about the same as the count of last week and a year ago. Trading slow throughout session but prices showed little net change. Good to prime vealers and slaughter calves, \$18—\$21, top \$41. Commercial and good offerings, \$25—\$34, and cull and utility kinds, \$18—\$25 in most cases. Few odd head of under 175-pound culls to \$16 or below.

**HOGS**—Higher asking prices retarded dealings in the hog division where salable receipts were quite sim-

ple to the sound to a clerk's desk drawer behind the bar of the court. There he found a crudely wrapped package. "It looks like a time bomb," he said. A court officer blushed. "That's my alarm clock. I took it in to be fixed and just got it back at noon," he explained.

Ladies' Aid Society  
Meets Wednesday

Members of the Ladies' Aid society of St. Luke's Union church, near White Hall, held their monthly meeting on Wednesday evening at the church with the society president, Mrs. John H. Hartlaub, presiding. The meeting opened with the group singing, accompanied on the piano by Miss Eileen Hartlaub. The scripture lesson was read by Mrs. Parr Breighner and prayer was offered by Mrs. John H. Hartlaub. Birthdays of the following members were noted: Mrs. Ralph Snyder, Mrs. Ralph Newman and Miss Myrtle Good. The guest book was contributed by Miss Betty Hartlaub and was received by Mrs. Robert Gladhill. It was decided to send a sunshine package to Mrs. Edward Appier and each member will be asked to make a contribution for the package at the Sunday morning service. The society designated the secretary, Miss Betty Hartlaub, to write a resolution of respect for the late Mrs. Stewart Shildt.

A social hour was held in charge of Mrs. Roger Bittle, chairman, Mrs. D. E. Bixler, Mrs. Warren Bixler, Miss Shirley Bixler, Mrs. Elwood Breighner, Mrs. Fred Breighner, Mrs. Parr Breighner, Mrs. Charles Bupp and Mrs. Howard Cook. A group game was won by Mrs. John H.

Das to last week's run and the movement of the same period a year ago. Barrows, gilts and sows steady to 25c. higher and closing trading was moderately active. Several lots of choice 150-225-pound barrows and gilts, \$19.50—19.50, mostly to small killers and the latter price extreme top. Bulk of choice 170-250 pounds, \$19, mostly \$19.25. Heavier weights, 240-260 pounds, \$18.50—18.75; 260-300 pounds, \$17.50—18.50. Few lots of over 300 pounds from \$17.50 depending on weight and condition. Lighter weights, 120-140 pounds, \$16.25—17; 140-160 pounds, \$17.25—18.25. Choice sows, 400 pounds and less, \$16—16.50, with only odd head above \$16.50; 400-450 pounds, \$15—15.50; over 450 pounds, \$14.50 down according to condition and weight. Slags discounted \$2—3 from price for same weight sows.

**SHEEP**—Receipts of lambs and ewes too small to permit a comparison of prices. Quotations remained nominally unchanged for all classes. Small lot medium and good 60-pound feeding lambs, \$25. Prime slaughter lambs quoted to \$32 and choice ewes to \$16.

Brussels, Feb. 15 (AP) — Twenty-one-year-old King Baudouin arrived 15 minutes late today at the Church of England here where a memorial service was held for King George VI.

The king who declined to attend the London funeral and deputized his brother, Prince Albert, was in a lieutenant-general's uniform with a large black band around his left arm.

A small chilled crowd, which had waited in freezing cold, cheered him as he stepped down from his black limousine.

RADIO HELPS TO KEEP PIKE CLEAR

Harrisburg, Feb. 15 (AP) — A new two-way radio network was credited today with playing a major role in combating ice and snow hazards on the Pennsylvania turnpike this winter.

A commission spokesman said the ultra-modern communication system has enabled turnpike cinder crews to keep up-to-the-minute control over slippery roads.

The new system, installed along the 327-mile superhighway late last year, has brought all maintenance points along the high-speed toll road in constant touch with one another.

The inclusion of the radio units in cinder and snow plow trucks also has enabled immediate activity during sleet and snow storms.

The new radio system is divided at Everett, Pa., into two sections. This enables simultaneous conversations in the eastern and western sections, doubling the potential "on the air" time.

In each of the operating sections all communications are heard by

STUDY CAUSES OF AIR TRAGEDY

Elizabeth, N. J., Feb. 15 (AP) — The Civil Aeronautics Board Thursday indicated that trouble in the right propellers caused the crash of the National Airlines plane here Monday that took 32 lives.

The announcement was made at a news conference called by the CAB. Joseph O. Fluet, chief investigator, Region I, CAB, said the stricken plane "suffered loss of power on the right side which could have caused a yaw to the right and loss of flying speed."

Both of the right propellers have been torn down and examined, he added. Fluet said the propeller blades on the right inboard engine of the four-engine plane were in full reverse position; on the right outboard engine the blades were feathered.

He explained that propellers normally are reversed only to create a braking action during the landing roll of a plane on a runway. It is never used in flight.

Feathering means the blade of the propeller are turned edge-on to the slipstream to present the least air resistance. Such action usually is taken by a crew member in an emergency to stop an engine. It is done to reduce drag on the plane when something goes wrong with an engine. This examination of the propeller assemblies led to the conclusion the plane had lost power on both right engines, Fluet said.

The queen, in deep mourning for her father, King George VI, drove from her residence in Clarence House to the great grey palace nearby with the Duke of Edinburgh, her consort.

Among others from Parliament who participated in the brief ceremony were opposition leader Clement Attlee, the former prime minister, and Foreign Secretary Anthony Eden.

**Find No Evidence Of Olney Naziism**

Philadelphia, Feb. 15 (AP) — An investigation by the city board of education has uncovered no evidence of a reported "Nazi-activated group" of teenagers at Olney high school, the board announced Wednesday.

A report released by the school board said three boys now under arrest on a charge of fire bombing a synagogue last month just happened to attend Olney high school. The youths' names have been withheld.

Weikert read a list of rules governing fishing in the pond on the Fish and Game farm this summer. A donation of \$2.50 was voted to the March of Dimes drive and the Heart campaign. It was announced that there has been an application made for the purchase of 25 Chinese and 25 Japanese chestnut trees for planting on the farm.

## It looks like a "POWER YEAR"

New Horsepower—new Brake Power—and new Power Steering blossom on Buick's ROADMASTER for 1952

MAYBE you've heard—horsepower has hit a new high on the ROADMASTER.

Brake power has done the same.

But today, we'd like to concentrate on the third member of the power trio—Buick's own version of *Power Steering*, available on ROADMASTERS at a moderate extra cost.

What is this Power Steering like? It's something like a helping hand, something like a "hydraulic slave"—that relieves you of all steering strain, but lets you keep command.

What we mean is this:

Power Steering is handled by a special hydraulic unit—and engineers can design this unit to take over any amount of steering effort—even to a point

where the wheel seems to float in your hand.

But in that case, you'd surrender all control to that hydraulic unit—get no steering "feel" from the wheel.

Now suppose you're telling two agile tons of automobile what to do in traffic. We think you'd like to have it know that you're in command.

And—out on the straightaway—we believe that a part of the joy you get from owning a Buick is the sensation of having something alive and eagerly willing beneath your hands.

So we're glad to announce that Buick engineers didn't spoil this thrill. They've kept the fun of driving, and simply eased the effort.

When you're rolling along smooth and straight, it takes almost no effort to keep any Buick on course.

It almost steers itself, as every Buick owner knows.

But—when you want to get away from a curb—back into a parking spot—make a turn—Buick's Power Steering comes into action, saves four-fifths of the effort required with ordinary steering. Power Steering does the extra work.

And—in case you wonder what happens if Power Steering gets out of kilter, the answer is *nothing*. Your Buick steers just as it always has.

That's why we've been saying, "This is Power Steering as it ought to be."

Come in. Try it out. We think you'll agree.

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

### 343 GI TRAINING SCHOOLS CLOSE

Harrisburg, Feb. 15 (AP) — The commonwealth has shut down 343 GI training schools in the past year since receiving criticism from a congressional investigating committee.

The Department of Public Instruction said the shutdowns have resulted in the closing out of all GI schools "not following regulations to the letter."

The closings brought the number of state schools offering GI training from a peak of 1,094 on January 1, 1951, to a current total of 743.

Dr. Paul L. Cressman, director of the state Bureau of Instruction, said most schools were closed for violation of training school regulations. Some, however, he added, suspended operations for other reasons.

The state began tightening supervision of the GI training program after a congressional committee headed by Rep. Olin D. Teague (D-Tex.) conducted hearings on reports of irregularities. The committee, in a final report last weekend, charged there has been a "serious failure" in the handling of the education program in Pennsylvania.

The Teague committee was set up to investigate training programs on the state level conducted under the GI Bill of Rights for World War II veterans. The committee investigations in Pennsylvania resulted in the firing of John O. Judge, of Camp Hill, as chief of Pennsylvania's private trade school bureau.

In addition to his salary of \$100,000 a year, the President of the United States has a \$50,000 expense allowance.

### BAIL OFFICER IN FIRE DEATH

Uniontown, Pa., Feb. 15 (AP) — Vincent Eisenberg, chief of police at nearby Belle Vernon, is free today on \$1,000 bond on an involuntary manslaughter charge in the death of a prisoner who suffocated in a jail fire.

The charge was preferred by Fayette county Detective Frank B. Kane and Walter J. Heuer, state police fire investigator. They have been investigating a fire which killed James Howe, Jr., 50, last May 6.

Eisenberg said Howe was being detained in the Belle Vernon jail pending transfer to the Monacaen jail, three miles away. Howe was arrested on a disorderly conduct charge.

The Belle Vernon jail was condemned by the state Welfare department in 1948. Eisenberg said he never left prisoners in the jail overnight.

A coroner's jury ruled that the borough of Belle Vernon was responsible for Howe's death and recommended that its report be forwarded to the state attorney general.

### SWOLLEN GLANDS; NOT MUMPS

Williamsport, Pa., Feb. 15 (AP) — That enlargement of Sparky's face was just plain swollen glands, not a case of mumps as it first looked like. Doctors at Children's hospital in Philadelphia arrived at this decision yesterday after testing blood specimens taken from Sparky, the pet cat of 5-year-old Kathleen Eakin. But, Kathleen really had the mumps, the doctor found. Last week both Kathleen and Sparky developed symptoms that looked like mumps. Blood specimens were sent the hospital.
